

Dear Parents,

Although it is a strict school policy that NO electrical equipment is allowed in school, we have decided to waiver this to **Bus children only** as I am aware that some children are on the bus for over an hour. However the procedure will be as follows:

- Bus children will be allowed to use electrical equipment (i.e. iPods, DS's etc) on the bus as long as they have their parent's permission.
- Children will be responsible for their equipment when on the bus.
- Children must hand over all electrical equipment to me when exiting the bus in the morning.
- All electricals/phones must be clearly labeled with the child's name.
- I will retain all items until the end of the day when they will be handed back to the children.

Please sign the form below giving permission for your child to bring electrical equipment to school and that you understand and will support your child to adhere to the new policy.

Regards,

Tracey Sullivan

Bus Co-ordinator

---

Please return to Mrs Sullivan.

I give permission for my child/children \_\_\_\_\_

on bus number \_\_\_\_\_ to bring their electronic items on the bus.

- I understand that they will be responsible for these items while travelling on the bus.
- Any breakage or loss will not be the responsibility of the school or bus company.
- That they will hand them over their electrical items to Mrs Sullivan in the morning before class.
